**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, page 1, line 5, after "2/7/2002," and before "and assigned to", please insert ---now U.S.

6,620,900 B2---

2. The following is an examiner's statement of reasons for allowance:

Prior art of record, taken alone or in combination, do not fairly suggest or disclose the presently claimed pharmaceutical tablet having the recited properties.

Criticality for the instant proliferous copolymer tablet and that of prior art non-proliferous copolymer on dissolution; reduced hygroscopicity and disintegration properties have been shown in comparative data of record.

Accordingly, the instant invention as defined by claims 1-5 is now patentable with respect to prior art of record.

Art Unit: 1713

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
